

Protection concept of the Zoological and Palaeontological Museum of the UZH

A maximum of 80 visitors is allowed to be in the museum simultaneously.

In order to protect yourself and others, we ask you to observe the following rules:

- Wearing a mask is obligatory for individuals aged 12 and older in all indoor and outdoor areas of the University of Zurich, including the museum.
- Keep a distance of 1.5 m to other museum visitors.
- Wash and disinfect your hands regularly.
- Clean interactive stations before use with the available disinfectant wipes.
- Eating and drinking is not permitted in the museum.
- Groups of 6 or more are obliged to register online before their visit (a family consisting of more than 5 people is not considered a group).
- Stay at home in case of illness and after returning from a risk area.
- Always respect the FOPH rules of hygiene and conduct.

For security reasons, the following measures have been applied:

- The museum cinema remains closed. Film screenings are thus cancelled.
 - Public guided tours and workshops are currently not available.
 - iPods cannot be borrowed for the animal trail.
 - The library and reading corner are not accessible.
-

These measures apply as of March 2, 2021.

We look forward to your visit and thank you for your understanding!
